

Hi, I'm '**Bud.com.au**'. I sing and play acoustic guitar. My performances however are anything other than ordinary. I use an FM Headset microphone and FM guitar units which allow me to put on an externally visual and entertaining show whether it is covers or my own songs I'm performing.

With the use of my 'Loop' station I can enhance many songs with tasteful lead break solos. The Digitec Vocalist 2 also provides pitch perfect two-piece harmonies on demand.

Whether wild or mild, covers or originals, solo or band I **Bud.com.au** always deliver 100% for my audiences' entertainment satisfaction.

Some of the artists I cover:

Billy Joel
Elton John
Ben Harper

Neil Young
Pink Floyd
Creedance CR

Red Gum
Eagles
Oasis

Beatles
Talking Heads
Green Day

My P.A. Equipment:

OPTION 1:

A new state of the art

Bose L1 Model 2

- for a pristine yet non-imposing presence
- smooth, consistent coverage and sound dispersion
- space saving, indoor or outdoor gig

OPTION 2:

4 x **Yamaha S1151v** 1000w speakers

- for a much larger and louder rock crowd
- these trusty workhorses really pack a punch yet retain excellent tonal quality
